COMMUNITY EDUCATION—Dr. William Hetrick, second from left, director of the University of Southern Mississippi Center for Community Education, discusses steps in organizing a community education program with Clara Arnold, left, Bay St. Louis-Waveland School District Superintendent Roger Oge and Glenda Hunsicutt. Superintendent urges community education program organization

By BRENDA HEATHCOCK
Community education specialist Dr. William Hetrick "started heels turning" Friday in a meeting with Hancock County area officials and concerned citizens.

"As you look at the future of public education, the success or failure of programs is resting on how well schools can relate to the community," said Hetrick, director of University of Southern Mississippi's Center for Community Education.

According to recently released statistics, only 26 percent of the tax-paying adults have children in a school system, he added.

"When it takes a 60 percent majority to pass a bond issue, more than just those tax-payers with children in school must give their support," he said.

Hetrick said the best way to get the community more involved in the school system is to begin a community education program.

Other benefits of a community education program include maximum use of school facilities which are currently used only about seven hours a day and additional learning opportunities for community residents, he said.

"We have the facilities, resources and unaddressed needs necessary to begin a community education program," stated Dr. Roger Oge, superintendent of Bay-Waveland School District.

"One of my main goals since com-

ing here to Bay St. Louis is to end the concept of two armed camps, with the schools on one side and the community on the other," he added.

"By working together we can get the education program going and provide for the educational needs of the community," Oge added.

Trial set for Monday in wrongful death suit

By DENA BISNETTE

Hancock County Circuit Court will convene for a special session at 9:30 Monday with one item on the docket. The session will be used for trial of a wrongful death suit stemming from the May 1983 deaths of two Hancock General Hospital patients, Margaret Ann Amann and Elizabeth Henderson Latour.

Court records indicate that the suits were originally filed separately in December 1983 but have since been consolidated.

Judge James Thomas is scheduled to try the case, in which the families of Amann and Latour are suing for both actual and punitive damages.

The complaint in the Amann case asks for \$3 million in actual damages and reasonable medical and funeral expenses. In addition, the plaintiffs are seeking \$15 million in punitive damages from each defendant.

In the Latour case, the 1983 complaint asks for \$1 million in compensatory damages and \$10 million in punitive damages.

Both cases also stipulate that the defendants pay court costs.

The defendants named in both cases include Joseph A. Nodruft, M.D.; Nurse-anesthetist Debra Rucker; Hancock General Hospital; Medical Specialties Inc.; Allied Healthcare Products Inc.; Chemetron Corporation; Allegheny International; and ABC Corporation and DEF Corporation.

ABC Corporation is identified in the suit as the manufacturer of tubing used in anesthesia equipment allegedly connected with the two deaths. DEF Corporation is identified as the distributor.

The plaintiffs in the Amann case include Margaret Amann's minor children Tracy Ann Amann and Howard J. Amann Jr., by and through their guardian, Howard Joseph Amann, and Howard Joseph Amann as an individual and as executor of the estate of Margaret Amann.

Howard Joseph Amann is Margaret Amann's widower.

The Latour case plaintiffs are Elizabeth Latour's widower, Louis J. Latour, and Mary Margaret Aleman, both as an individual and as executrix of Elizabeth Latour's estate. Aleman is Elizabeth Latour's daughter.

Both patients had minor surgery on May 20, 1983, at Hancock General Hospital and allegedly died as a result of being given administered nitrous oxide rather than oxygen.

The allegations in both cases include negligent design of a device known as a quick-connect coupler used in the anesthesia equipment for administering oxygen and nitrous oxide; failure to label the component parts of the coupler; and failure to warn of the dangers if the device were not properly used.

The suit alleges that Medical Specialties personnel attempted to install the anesthesia equipment at Hancock General Hospital and in doing so crossed the oxygen and nitrous oxide tubes, then failed to correct the problem.

One arrested in burglary of Standard grocery store

A Kiln man has been arrested and charged with one count of burglary in connection with a July 29 break-in at Caevas Grocery, Standard Community.

Hancock County Sheriff's Investigator Glen Strong said Timmy Joe Gambill, 22, of P.O. Box 439, Kiln, was arrested Thursday.

Gambill has been released on \$6000 bond, the investigator said.

Bay council to discuss water system improvements Tuesday

By BRENDA HEATHCOCK

In a special meeting Tuesday, the Bay St. Louis Council will review an engineering report on the city's water system and recommendations for improvements.

The recently released report by Garner Russell and Associates of Gulfport was requested by the city in July.

According to the report, the city's water system is basically adequate to meet the domestic water supply and firefighting needs in the eastern half of the city.

However in the annexed area, "significant populated areas are without even minimally adequate fire protection and a few neighborhoods are entirely without municipal water lines."

Other deficiencies in the system include an inadequate water supply and long "dead-end" main lines, the report states.

Currently all water used and distributed in the city is produced by four deep water wells, three of which are more than 20 years old and "nearing the end of their normal expected service life."

The report states production from the wells is barely adequate to meet the requirements for an average

day's water usage in the city and "woefully inadequate for a peak day."

"There is an urgent immediate need for an additional major water well," according to the report.

The report also claims several of the long "dead-end" mains lack the fire flow potential and reliability of a well-looped water system.

There are two extensive areas in the system which are each supplied by a single dead-end eight inch main and are completely separated by US-90.

Construction of the new Hancock Medical Center on Green Meadow Road makes this situation even

more critical because "a single break along the approximately 9,000 feet of eight inch water main feeding to this location would put the new hospital totally out of water!" according to the report.

Bay Mayor Victor Frankiewicz Jr. says this completion of this project will strengthen the existing system by increases in the flow capacity and looping the system.

He also reported preliminary cost estimates on the project were less than half the anticipated costs.

Total cost for the project is expected to be approximately \$860,000.

The meeting will begin at 5:30 p.m. at city hall.

Arrest three

Police check complaint on door-to-door vendors

Local law enforcement authorities have determined that a group of door-to-door salespersons selling books and magazine locally are working for a legitimate company.

Bay St. Louis Police Department Administrative Officer Frank Williams stated Friday that he had contacted the California Better Business Bureau after receiving complaints regarding the vendors, who are representing Media Techniques of San Diego, Calif.

He said he was told that Media Techniques is a legitimate firm.

"The bureau said they have had some complaints about sales of

bogus subscriptions but nothing has been proven against this particular company," Williams said.

He said the police department recommends that local residents not purchase material from door-to-door vendors but instead buy from bookstores or directly through magazine companies.

Bay Police Chief Ray Murphy reported Randy Hilderbrand, 18, of Springfield, Ohio, Martin Turrey, 20, of Dobbins, Calif. and a 17-year-old juvenile were arrested Thursday for soliciting after dark.

The three were released on a \$100 bond.

Hancock youth killed in motorcycle crash

Thomas Webb Raphael, 18, of Bay St. Louis was killed Friday night in a motorcycle accident on Lower Bay Road.

The accident occurred at approximately 9:50 p.m. approximately two-tenths of a mile northeast of Lower Bay and Lakeshore roads intersection.

Raphael was westbound on Lower

Bay Road, travelling at an excessive speed when he started into a curve, according to Hancock County Sheriff's deputy Joe Pica.

Crossing the road in the curve, Raphael hit a ditch and then flipped into the air, Pica said.

Assisting in the continuing investigation is Deputy Bill Pepperman.

BARN BID—Hancock County Best Five Supervisor James Travira, left, goes over modification in the plans for the county's proposed central maintenance barn Friday with Sid Olson of Leon C. Miles, Inc., the apparent low bidder on the project. The contract for the barn, which will be built next to the Highway 43 Community Center in Kiln, is scheduled to be awarded Oct. 14. Construction of a central maintenance barn is one of the ways in which the unit system is being implemented in Hancock County. Travira, a former contractor, will oversee the project for the Board of Supervisors. (Staff photo by Dena Bisnette)

BIRTHDAY, OCT. 13

The End of a Busy Life

God said, you were getting weary,
 So He did what He thought best,
 He came and stood beside you,
 And whispered, "Come and Rest."
 You bade no one a last farewell,
 Not even a "good-bye,"
 You were gone before we knew it,
 And only God knows why.

Bay Little Theatre, Triton to present 'Rest Assured'

"Rest Assured," a fast-moving comedic farce full of hilarious situations, opens Thursday at the Bay St. Louis Little Theatre playhouse on Boardman Avenue.

The play is the third annual joint venture between the Krewes of Triton and the Bay St. Louis Little Theatre. "Rest Assured," written by Donald Payton, has a cast of 16 and features Neal Myers and Eugene Farve in the lead roles.

Myers plays the rich, fidgety, nervous and grouchy P.U. Morlock and Farve plays the poor and honorable Italian meatcutter Luigi Lanconi.

The two men start a feud that puts the Hatfield-McCoy fracas to shame because Lanconi's son Joe falls in love with Morlock's daughter Mary.

By the time the show gets into high gear, the audience is presented with ghosts, Lucifer with his pitchfork and all, and various comedic situations.

The play will run Oct. 16-18 and Oct. 22-25 with an 8:15 curtain time each night.

Advance reserved seat tickets are \$6 each and are available in advance from Pauline's in Choctaw Plaza, Waveland; and LaReta Rick Realty and Rosario's, Pass Christian. In Bay St. Louis, advance reservations can be made by calling Theresa Bourgeois at 467-7792.

Tickets not reserved will be sold at the door on the night of each performance.

Mississippi Coast Historical and Genealogical Society

The Mississippi Coast Historical and Genealogical Society met Sunday, Oct. 5 at 2 p.m. at the Biloxi Library and Cultural Center. Mrs. Mary Louise Adkinson, president, welcomed members and program speakers.

James Lauro, archaeologist with the Mississippi Department of Archives and History, narrated a slide presentation which featured archaeological sites along the Gulf Coast and throughout the state.

Much has been discovered about the lifestyle and habits of early Indian settlements by examining their village, burial, and trash sites.

Favorable sites for these Indian villages were secluded wooded areas with access to Back Bay, the ocean, and other waterways. Their food supply consisted mostly of fish, shellfish, birds, white-tailed deer and other wild game.

Edmond Boudreaux, vice president of Archaeology, spoke of the recent Richard site excavation on Back Bay. Pottery fragments, animal bones, and the skeletal remains of a female Indian, who was approximately 45 years of age, were discovered. The skeleton was in the flexed or fetal position.

A fish vertebrae rounded with a hole drilled through the center was found with the skeleton and may have been one of several possible pieces to a string necklace. The remains were discovered on the Bay, exposed under less than 1/2 ft. of sand.

It was apparent the site had been disturbed by other individuals and was in danger of being washed away with the tide. For its preservation from imminent destruction, the skeletal remains have been retained in dignity at the Seafood Museum.

It is not for public display and will only be shown to persons involved in authentic archaeological research. Similar artifacts have been discovered at other sites east and west along the Bay area.

On display were pottery fragments and other artifacts from the west end of Deer Island, the Richard site, and the area which is now the east side parking lot at St. Michael's Church. Permission has been granted to examine property at Holy Angels Nursery as a possible site.

L. H. Richard, administrative vice president, read a letter of appreciation from Gulfport Mayor Leroy Urie, thanking the society for its \$100 donation toward restoration of the old Courthouse.

Julia Guice, editor, announced that Biloxi Land Records are ready for publication and that Bouzage Bosarge family has been published and is ready for distribution. Copies of this well-written family history by Mary Louise Gollotte Adkinson may be obtained by sending a check or money order in the amount of \$20 to:

Mississippi Coast Historical and Genealogical Society, P.O. Box 513, Biloxi, MS 39633. All proceeds from the sale will go to the society, which is a non-profit organization.

Adkinson announced the following committee appointments: Mamie Humphrey, publicity; Murella Powell, restoration of the Old Biloxi Cemetery; John "Buddy" Welch, study of the pronunciation and spelling of our early names and places such as streets, cities, buildings, and surnames; and Mary Ann Richard, refreshments.

Adkinson noted that the society emblem can be seen on the sign to the right as you are facing east at the foot of the Biloxi-Ocean Springs Bridge.

Medicine's revolving mirror

The following article resulted from a grant from the Mississippi Committee for the Humanities to the Mississippi Press Association. The opinions expressed are those of the author and not of either organization.

By Patti Carr Black
State Historical Museum

Traditional medicine is under duress from malpractice suits, the move toward more government con-

trol, and the tightening grip of health insurance companies. As the cost and frustrations are passed on to the patient, alternative medicine approaches are growing. If the trends continue, Mississippians might repeat the disaffection which they displayed in the 19th century toward institutionalized medicine.

In 1819, the State passed a law requiring a license to practice medicine, but in 1835, it was

declared unconstitutional by the Mississippi Supreme Court because of public sentiment for alternative medical treatments. Medicine remained unregulated for nearly half a century.

The high cost of medicine did not bother antebellum Mississippians so much as the remedies. Bloodletting, blistering, and purging were common techniques. Called "heroic medicine," the treatment proved

worse than the disease.

As a reaction against both the expense and the debilitating technique, a variety of new medical treatments developed. The political climate of the times nourished the growth of these new systems. Jacksonian Democracy reflected the belief that the common man could handle anything with time. Andrew Jackson, hero of the era and advocate of individualism, set the tone.

The most popular of these alternative medical systems was called "Thomsonianism," a do-it-yourself home treatment. Most Mississippians today have never heard the word but chances are their great-great-grandmother practiced it. In 1835, the governor of Mississippi claimed that half of the state supported the Thomson system. This backing was strong enough to overthrow the law licensing physicians and to open the field of medical practice to almost anyone.

Developed in the 1820s by Samuel Thomson of New Hampshire, the system had especial appeal in the South where home care, or self-care, was a fact of life. Rural communities and farms were often too isolated to have physician care.

Thomson's medicines were available at drugstores or could easily be made at home. Thomson gave detailed advice on how to obtain good quality ingredients and how to prepare them. Mississippi druggists ran ads in local newspapers offering Thomson's ingredients.

"Thomsonianism" was based on the theory that all disease resulted from a loss of body heat which could be restored through steam baths and botanic medicines used as emetics, tonics, and herb teas. He sold his book, "The New Guide to Health," a chest of botanic medicines, and membership in local Friendly Botanic Societies, all for about \$20. Society members met to exchange remedies and experiences.

Two other popular alternatives to traditional medicine were homeopathy and hydropathy.

Homeopathy was based on the theory that a substance which induced the symptoms of a disease would cure the disease. Homeopaths opposed the drastic therapies of traditional medicine and used instead small doses of drugs, proper diet, hygiene, and fresh air. In effect, homeopathy allowed nature to cure the sick.

This system attracted a following in Mississippi, primarily among the middle class townspeople, and it had its successes. In 1853, homeopathic physicians, William Holcombe and F.A.W. Davis worked together to combat a yellow fever outbreak in Natchez. They claimed to have lost only 33 patients, as opposed to 430 deaths among the patients of Natchez regular physicians.

Hydropathy, the other alternative medicine, relied on the curative properties of "pure" or mineral water, used both externally and internally. Also extolling the benefits of fresh air, sunshine, exercise and proper diet, this program was particularly popular on the Mississippi Gulf Coast.

Therapy included baths of all kinds, the drinking of water, and wet-sheet packing. Hydropathic cures were claimed for many ailments, from acne and indigestion to the more serious threats of yellow fever, cholera, smallpox and malaria.

Traditional medicine regained the upper hand in Mississippi in 1882 when an "act to regulate the practice of medicine in the State of Mississippi" was passed.

The health food movement, macrobiotics, acupuncture, holistic medicine and other natural approaches to medical problems are beginning to offer alternative relief and hope to many Americans.

IN CONGRESS

By Congressman Trent Lott

BOMB: THE BLOATED, OMNIBUS MONEY BILL

By a one-vote margin on September 25, the House of Representatives adopted a half-trillion dollar appropriations bill, the single biggest spending bill in the history of the Republic.

The bill, termed a "continuing resolution" or CR, is needed because Congress has not enacted any of its 13 regular appropriations bills for fiscal year 1987, and the government

faces shutdown of non-essential activities when current funding authority expires at the beginning of the new fiscal year.

But this bill was clearly a case of false labeling! This was not your usual, short-term, stop-gap CR to tide us over until the regular appropriations bills have been enacted.

If the Congress believed in "Truth in Labeling," this bill would more accurately have been entitled the

"Bloated, Omnibus Money Bill," or BOMB, for short. And that is just what this bill is going to do at the White House.

As I told my colleagues during the CR's debate, we have a way around here of devising these little self-destruct mechanisms that we load up with all manner of explosive goodies. And then we always seem surprised when they blow up in our faces.

I attempted some behind the scene efforts to strike from the bill some 60 add-ons which the Appropriations Committee attached to the bill before sending it to the floor. If the House were really serious about trimming federal spending, we would have made some prudent cuts. Instead, there was no opportunity to amend or debate its parts, and I voted against its passage.

We all have our favorite scapegoats in assigning blame for legislating in this manner, whether it's the Senate, the budget process, politics, the sprawling subcommittee system or our leaders.

These things and others contribute to our seeming deadlock and disarray. But what it all boils down to is the simple fact that we attempt to do 12 months of work every year in just two months—the months of July and September. And in between, we just sort of muddle along waiting for the grand, chaotic finale.

It is getting to the point where we are cramming all the important work of a session into three or four omnibus bills, whether it is an omnibus tax, trade, reconciliation, drug or appropriations bills.

And the more omnibus the bills, the more omnibus the portents for democracy. Omnibus bills get less and less scrutiny, deliberation and involvement from members of Congress.

I have urged both the leaders and the members of Congress to begin talking now about putting House scheduling back on a sensible track, restoring our decaying authorization system, reforming our budget and appropriations processes and making our committee and subcommittee system more streamlined, manageable and productive.

I have proposed a bipartisan, bicentennial House restoration effort. It includes five-day work weeks, the exact scheduling of certain bills each month, biennial authorizations and appropriations, and the pruning of subcommittees and staff.

Maybe it is unrealistic to hope that the House of Representatives could operate in a more sensible and responsible manner. But after the passage of a half-trillion dollar spending bill, I sense enough members on both sides of the aisle are fed up with the way things are done now to at least begin considering the alternatives.

Letter to the Editor

Recently Hancock County was saddened by the loss of Rebekah Kennedy. Tribute is long overdue to this fine educator and humanitarian. She believed in, recognized, and nurtured redeeming qualities in children when all others had ceased to believe.

Because of this quality, Rebekah Kennedy influenced, in a positive way, the lives of hundreds of Hancock County students.

She believed that if a child did not have respect for himself, he could not achieve respect for the property and rights of others.

Dear Mr. Cuevas:

National Newspaper Week is a fitting time for the Veterans Administration to say thank you to Sea Coast Echo for publishing press releases and news items of interest to veterans and their dependents.

Veterans are that special group of citizens who have given of themselves in direct involvement in the national defense. Approximately 237,000 Mississippians are veterans

of military service. When dependents and other family members are considered, it is estimated one-third of our citizens are either veterans in their own right, or have a veteran in their immediate family. Without your help, it would be next to impossible for the VA to keep them informed of their rights, benefits, and changes in the law as they occur.

We take seriously our responsibility for caring for the needs of our nation's veterans, and we appreciate your efforts in helping us help them.

Sincerely yours,

A nationally recognized political analyst has called the 1986 election, scheduled a few days from now, one of the most important elections in America in the past half century.

Voters will decide on Nov. 4, he suggests whether the nation continues on its present conservative course, or whether it turns in a liberal direction.

Dr. Robert Teeter, founder of the well-known Market Opinion Research firm in Detroit, suggested the importance of the 1986 elections.

One-third of the seats in the U.S. Senate, all the seats in the House of Representatives, and more than

thirty governorships are at stake as America's voters make their way to the polls across the nation.

Mississippians will want to be aware of the significance of this election as they make their way to the ballot box. While we are electing neither a governor nor a U.S. Senator this year in Mississippi, we do have five seats in the U.S. House of Representatives to be decided.

We also have a series of state constitutional amendments to be considered, including the amendment which will permit the governor to immediately succeed himself in office.

Most importantly, Mississippians will want to be heard in this important election; you will want a voice in the direction the country takes over the next few years. This means you will want to cast your ballot on Nov. 4.

News From The Governor's Office

Gov. Bill Allain

FOREIGN INFLUENCE FELT IN STATE

We've had a lot of activity in the State in the last couple of weeks from visitors from foreign countries. These people are very interested in improving their relations with the State of Mississippi, and we in state government are very interested in helping improve these relations. A good relationship with people from outside the United States can help promote Mississippi products abroad and can help lure foreign investment into our State.

I was pleased to host the Governor's Conference on International Trade and Security in Jackson, featuring leading Japanese educators and businessmen who exchanged their ideas with leading Mississippians.

In addition, I honored a group of 27 Japanese schoolteachers with a reception at the Mansion when they toured the State on a trip in conjunction with the State Department of

Education and the Attorney General's Office. I found these people very aware of the culture of Mississippi; they were very curious to learn even more about our state.

The State Department has hosted a group of German travel agents in an effort to interest them in sending tourist groups to our state when they arrange visits to the United States.

The Department of Economic Development also has an international developer and a trade specialist on staff who travel throughout the world promoting Mississippi and our products. We have seen their efforts yield results many times over.

All this interaction with people and groups who are just developing a curiosity about our state is very exciting. It's telling us that we are competitive for foreign business, that they are interested in us, and that they want to know more about us.

Jitney Jungle, Inc. changes name to JFM Incorporated

Howard V. Blair, president of Jitney Jungle, Inc., reports that effective Oct. 1 the firm has changed its name to JFM Incorporated.

Blair stated that the need for a re-defined corporate identity had become compelling.

He said "Jitney Jungle began franchising supermarkets in 1920. Over the years our main course of business has changed to the franchising of convenience stores (Jr. Food Marts). This was done in response to forces such as the population move to the suburbs, the advent of the two-car family, more leisure time, and traditional homemakers entering the work force. In short, our business interest and growth has mirrored the growth of the C-Store industry."

The firm is now one of the largest franchise systems in the convenience store business, and is ranked as one of the most profitable among all franchises available in the U.S. They have almost 400 Jr. Food Mart Stores franchised in 17 states doing an estimated \$275 million annually.

Blair further stated that "while our business interest and growth had shifted to convenience store operation, the name Jitney Jungle still had value in the supermarket industry."

"This was by virtue of serving as the flagship name for supermarkets

operated by Jitney Jungle Stores of America, Inc. It was this value that created the opportunity for us to sell them the Jitney Jungle name thereby enabling us to restate our identity. No other assets of the corporation were sold, only the rights to the name," Blair said.

"With our new name now selected and in place, we are focusing our collective efforts on positioning for growth. The convenience store industry continues to be a dynamic and expanding component of the nation's economy. Our opportunities ahead are significant, and we are committed to remain a leader in innovation and concept development."

"JFM Incorporated is poised to respond to an ever-changing marketplace as we continue to be affected by emerging forces such as a greater health consciousness, an aging population, and the trend away from the formal, sit-down family meal to snacking on the run."

"It is our experience of the past

and commitment to the future that our new name, JFM Incorporated, becomes synonymous with our ability to weather the challenges of change while preserving the heritage of our past," Blair stated.

Nay cited for 40 years in ministry

The Rev. Robert F. Nay, pastor of the First United Methodist Church, Pass Christian, was honored Oct. 5 at a surprise celebration on the occasion of his 40 years in the ministry.

Guests gathered in the sanctuary while the annual church conference was being conducted in the dining room by the district superintendent, Rev. Clint Gill.

Scores of former members including Pearlinton, Clermont Harbor, Pass Christian, Carthage and Cary residents gathered with family members from Madison, Brandon and long-distance cousins John and Layena Delap from Kansas, Illinois and the Nay's son, Kenneth Neal Nay from Miami, Fla.

There were also fellow colleagues in ministry from the Seashore District and several retired ministers.

Fifteen of Rev. Nay's 40 years have been in Mississippi.

The remaining years were in Western North Carolina, Northern New York and the U.S. Army where he served on active duty during the Berlin crisis, as chaplain.

Following a program and worship in the sanctuary, a reception was held by the United Methodist Women with cake being made by Anna J. Pearce of Clermont Harbor.

The program, "Down Memory Lane" was a slide presentation of highlights of Rev. Nay's ministry, including five churches and two parsonages.

Special music was rendered by Dr. Warren Booker and his Gulfside Assembly Choir.

Gifts were presented, including a plaque denoting this occasion by the Valena C. Jones United Methodist Church of Bay St. Louis, floral arrangement from Fulton, N.Y. where Nay was ordained, and a money tree by the present church members and other guests attending.

Marie Scott, UMW president, presented "Brother Bob" with a basket containing 200 cards and letters which had been received over the past few weeks by Lay Leader William Hunt.

Rev. Nay said, "This is the biggest day of my life, and I just don't see how Bill Hunt and Margie Scott and my wife pulled it off without me catching on."

"I am grateful to all who were involved and sorry that time did not allow for all friends to be invited personally to the celebration," he added.

Tigers defeat Bearcats, 15-13

BY DENA BISNETTE

In a close battle that continued into the last seconds of the ballgame, the Bay High Tigers racked up a 15-13 victory over the Long Beach Bearcats that gave fans a reason to celebrate at Friday's homecoming parties.

"I'm proud of our boys because they have shown me that when the going gets tough, we are able to keep going," Tiger Head Coach Cleveland Williams said.

"I felt that we played good ball but we had too many penalties which killed our good drives," he added.

"Offensively, we started the first quarter with good drives and we scored, but in the second quarter every time we had a substantially good drive going we ended with minus yardage from a penalty."

"The second half we played better ball after correcting our problems and adjusting our blocking scheme."

Williams said he had expected a tough game from Long Beach, a 5-A school that was the Tigers' first contest against a school larger than 3-A this season.

In addition, the Tigers were out-sized by the Bearcat players.

"The Long Beach club was aggressive and hungry. They fought our boys hard and it added more intensity to the game," the coach said.

"It was a tough, hard-hitting ballgame and I thought both clubs played good ball."

Defense was the strong point for both teams Friday.

Williams said he felt Bay High's defensive unit turned in one of its best performances of the season.

"Our defense rose to the occasion again with its good teamwork. Even though we broke down a few times and allowed them to score, we came through when we needed it the

most," the coach said.

One of the Tigers' defensive tasks Friday was stopping Robert Taylor, whom Williams calls "a good back who can both receive and run well," and quarterback Todd Sims, "a scrambler who likes to pass."

The coach said he was particularly pleased by the defense when the Tigers stopped a pass attempt on a third down play with only seconds to go in the fourth quarter.

Although Long Beach couldn't be stopped from making a subsequent touchdown, the Tigers were able to stop Taylor on a two-point conversion that would have tied the game.

The Tigers kicked off to the Bearcats and the Bay defensive unit contained Long Beach during the first half.

In the first quarter, Long Beach was unable to contain the Tigers, who used short running plays to set up a touchdown inside the Bearcat five yard line.

The Tigers then handed off to their largest running back, Brian Laneaux, who forced his way through the Bearcat line for six points.

Laneaux traded to his kicking shoe and put the ball between the goalposts for an extra point, giving the Tigers a 7-0 lead with 3:41 left in the first quarter.

In the second quarter, the Long Beach defense finished warming up and got down to business, keeping the Tigers' yardage down and their ballcarriers away from the goal line.

In the second half, Bay High received the kick-off and scored again with 9:01 in the quarter.

The Tigers drove to the Long Beach two yard line with a series of short runs by Laneaux and Aaron Whavers. They pushed the ball to the one yard line and carried it in to post six more points on the scoreboard.

A kick attempt for a PAT was not successful and the Tigers led 13-0.

The Bearcats posted their first points of the night after recovering a Tiger fumble on the Bay High 47-yard line. Quarterback Todd Sims then passed to Robert Taylor, who carried it into the endzone for a touchdown with 1:55 remaining in the third quarter.

Jeff Bringle kicked for a PAT, narrowing the margin to 13-7.

In the fourth quarter, the Bearcats set up on their own 18 after a scoreless drive by Bay High and took to the air.

Sims dropped back to pass and Tiger Courtney Lawrys sacked him in the endzone for a safety, upping Bay High's score to 15.

With 14 seconds left in the game, the Bearcats went for broke. Long Beach went airborne again to set up a touchdown, with a pass to Taylor putting them on the Tiger one yard line for a second and goal.

Sims dropped back and passed to Donald Marshall for the touchdown, posting 15-13 on the scoreboard with 13 seconds left.

The Bearcats tried for a two point conversion, with Sims dropping back to pass. A successful conversion could have tied the game and sent it into overtime.

The Tiger defenses held with Sims being brought down by a half-dozen Tigers. The final score stood at 15-13, bringing Bay High's season record to 5-1.

The Tiger varsity has an open date on the schedule this week, but the B-Team will play Pearl River Central Monday at Carriers. Gametime is 6:30 p.m.

Hancock Hawks shut out district rival, 35-0

By BRENDA HEATHCOCK

Winning their first district game of the season, the undefeated Hancock North Central Hawks shutout the St. Martin Yellow Jackets Friday in a 35-0 homecoming victory.

Led by Senior Halfback Charles Burton, who scored three touchdowns, the Hawk offensive unit rolled up an offensive total of 376 yards.

Hawk defensive players, commonly known as the "Crunch Bunch," not only held St. Martin scoreless throughout the game but forced several turnovers.

Hancock's defense stopped a St. Martin first and goal when Corey Blazie grabbed a Yellow Jacket fumble on the two-yard line.

The Hawk defense held St. Martin to 1/3 yards total offense.

Hawk Head Coach Irvin Favre said he was well pleased with the Hawk game.

"The players knew what they had to do to win and they did it," Favre said.

Favre said he was very proud of the defense.

"They followed the game plan we set this week and fortunately it worked," he added.

Favre said although the offensive line appeared weak at first, the players really did a good job blocking in the latter part of the game to allow Hawk ball carriers to run up the middle.

"It was just a good night for Hancock football," he said.

Hancock won the toss but elected to kick.

In their first drive, St. Martin's Charles Polk and Tommy Weldy gained about 30 yards and two first downs taking the ball down to the 23-yard line.

Hawk Delano Lewis picked off a St. Martin pass to end the drive and give Hancock first and ten on the Yellow Jacket 36-yard line.

Burton carried for two and then Quarterback Brett Favre connected with Burton on a screen pass in their first play to move the Hawks downfield 20 yards.

Three plays later Favre hit Vincent Cuevas with a 35-yard touchdown pass to put six points on the scoreboard.

The two-point conversion attempt was no good.

The Yellow Jackets gained only three yards in their next possession.

A short St. Martin punt gave the Hawks good field position with first and 10 on the Yellow Jacket 39-yard line.

Burton gained five and then a penalty against St. Martin advanced the ball 15 yards to give the Hawks another first down on the 19-yard line.

Donald Vince pushed his way up the middle for a seven yard gain and Burton added seven to put the Hawks inside the 10-yard line.

Favre gained two on a keeper play and Burton rushed the final three yards for the touchdown.

In another keeper play, Favre took the ball in the endzone for the two-point conversion.

The Hawks lead 14-0.

St. Martin's Kenny McAtee returned the kickoff 17 yards to set the ball on the 25-yard line. Polk and Weldy rushed for gains totalling six yards.

Yellow Jacket Quarterback Jerry Hilton connected with Brian Stevens for a 26-yard pass play gaining St. Martin a first down inside Hawk territory.

Hawk Duane Acker grabbed a St. Martin pitch to end the drive.

Vince rushed for eight and then Lewis found an opening and exploded downfield in a 60-yard run.

Lewis was brought down on the one-yard line.

The St. Martin defense dug in and prevented the Hawks from scoring. The ball was turned over on the downs.

Beginning on their own two-yard line, St. Martin rushed for 15 yards on three plays before losing the ball on a fumble.

Corey Blazie recovered for the Hawks.

With first and 10 on the St. Martin 16, the Hawks lost yardage on three plays before Favre connected with Burton on a 15-yard touchdown pass.

Tim Prince kicked the extra point. Halftime score was 21-0.

Vince returned the second half kickoff for 22 yards.

Starting on their own 30-yard line, the Hawks gained a couple of first downs before losing the ball on a fumble.

Gaining three first downs, St. Martin took the ball 73-yards downfield to the two-yard line but fumbled the ball away.

Blazie recovered the fumble for Hancock again.

Vince gained 21 yards and a first down on two plays before Burton broke through the line to run 73-yards to score.

Favre ran the two-point conversion.

With :58 in the third quarter, the Hawks lead 29-0.

St. Martin ran three plays before losing possession on a fumble again.

The Hawks took over on their own 40-yard line. Vince ran for 13 yards.

Favre tossed the ball downfield to Cuevas who caught it just outside the endzone.

Moving the ball down to the St. Martin 4-yard line, the Hawks led 35-0.

SSC Junior Varsity humbles Pope John Paul 22-2

The St. Stanislaus Junior Varsity football team scored an impressive win over visiting Pope John Paul last Thursday evening at Rockachaw stadium.

Led by the hard-running of Gino Ascani, Jorge Ponjuan, and Kyle Primeaux, the Rockachaws took an early lead and never looked back as they piled up 16 unanswered first half points.

SSC scored on its first possession as the Rocks mounted a strong ground game. Jorge Ponjuan ran 56 yards for the touchdown on a sweep. Mike Vegas added the extra point and SSC lead 7-0.

Pope John Paul could not move the ball on the stingy Rockachaw defense all night. Defensive standouts for the Rocks include Andre Rollins and Gino Ascani.

When the Rocks took possession of the ball in the middle of the first half they moved the ball deep into Pope John Paul territory. When their drive stalled, Mike Vegas came on the field to kick a 34-yard field goal to increase the lead to 10-0.

Once again Pope John Paul was

stopped before it could mount an attack, and when the Rocks took over they once again drove the ball down the field and scored.

Quarterback Shannon Garrett completed a short pass to Andre Rollins who eluded tacklers and ran in for the score. Rollins' 35-yard touchdown run made the score 16-0 in favor of SSC. The extra point was blocked.

In the second half, Pope John Paul mounted their longest drive of the game but could not convert a fourth and four situation from the Rockachaw nine yard line. A miscue in the Rockachaw backfield resulted in a safety bringing the score to 16-2.

The final tally of the evening was a 26-yard run by fullback Kyle Primeaux. This touchdown came with a little over three minutes left to play, sealing a 22-2 Rockachaw victory.

The SSC coaching staff was extremely pleased with the win and praised the efforts of the team.

Coach Larry Ramsey stated, "We needed this win. Our offensive line

executed their assignments well and was organized. But we must build on this victory in order to meet future challenges."

Preceding the Junior Varsity contest was a 7th and 8th grade game between the Jr. High Rocks and Stone County.

The game was close the entire way, with Stone scoring twice in the first half on a sweep and a halfback dive on the last play of the half to enjoy a 14-0 lead.

SSC drove down to the Stone 18

yard line but could not convert a fourth and three situation. Stone took over control of the ball but the Rockachaw defense stiffened.

With less than two minutes to play, SSC allowed other players on the team to play. Stone capitalized on this and scored their final touchdown bringing the score to Stone 22, SSC 0.

Outstanding performances in the game by the Rockachaws were turned in by Jade Pitre on defense, and Sal Palmissano on offense.

Did you know that to become a certified chiropractor takes a minimum of six years of college training? In most states chiropractors are required to attend and pass annual seminars to have their licenses renewed.

The government has endorsed the use of

chiropractors by including their treatments in Workmen's Compensation.

If you've been hesitant about seeing a chiropractor and this hasn't answered your questions, feel free to ask us directly. Call today.

Pirates take 20-12 win over East Central

By BRENDA HEATHCOCK
The Pass Christian Pirates picked up their first win of the season Friday with a 20-12 victory over East Central High School.

Pass scored first in the first quarter when Tim Murrell intercepted a pass from East Central's Quarterback Polk Clark and ran it back 32 yards for a touchdown.

The extra point kick was no good. Adding to the Pirate lead in the second quarter Shinall Conway ran 9-yards for another touchdown. The two-point conversion attempt failed.

The Pirates led 12-0 at halftime. In the third quarter, East Central scored on 6-yard run by Clark. The extra point attempt was no good.

Conway scored again in the fourth quarter with a 35-yard run.

Horace Lizana ran the two-point conversion.

East Central's Ray Parsley made the final points of the night on an 8-yard run into the endzone. The extra point attempt failed.

Pass Head Coach Alton Wright listed Conway, John Lizana, Kevin Charlot, Greg Moffett and Horace Lizana as the outstanding offensive players for the Pirates.

Defensive standouts were Conway, Jason Dedeaux, Nate Benard, Steven Swanier and Tim Murrell.

Next week the Pirates will visit Pearl River Central in Carriere. Kickoff is at 7:30 p.m.

first and goal but lost the ball on a fumble.

The Yellow Jackets gained two yards in three plays and punted the ball.

With a five-yard return by Lewis, the Hawks took over with first and 10 on the St. Martin 25.

A 25-yard touchdown run by Favre was nullified by a holding penalty against the Hawks.

The Hawks continued to move the ball and Tim Cox rushed the final yard to add another Hancock touchdown.

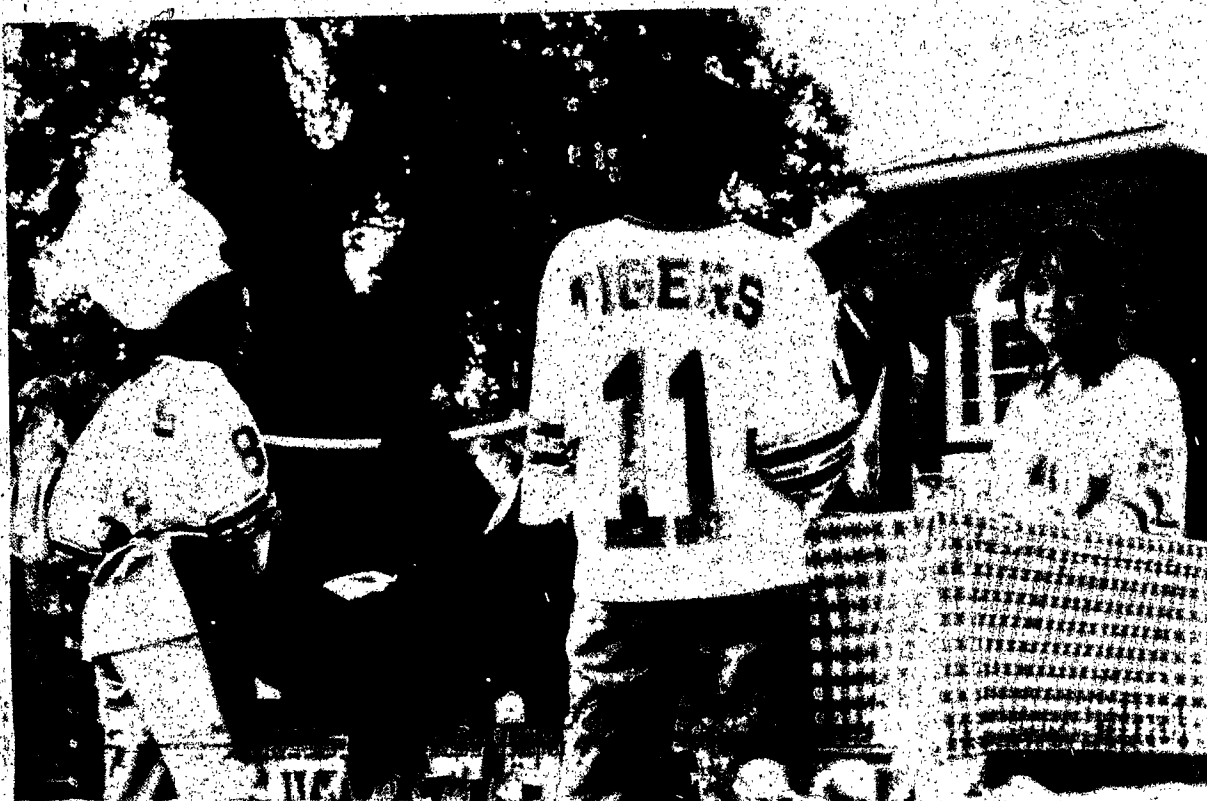

In the last play of the game, Hawk Norris Chaisson broke through the line to sack the St. Martin quarterback.

The final score was 35-0. Next week the Hawks will visit Long Beach. Kickoff will be at 7:30.

Correction

The Bay High Tiger player pictured with Greg Necaise in a photograph of a fumble recovery published after last week's Bay High-East Central football game was incorrectly identified as Eddie Bourgeois. The player was actually Billy Ross.

The Echo regrets the error.

EVERY SEASON IS A WINNING SEASON.

Whatever the season of the year, you'll come out ahead on energy costs and comfort with an Electric Heat Pump.

Why? Because an Electric Heat Pump is the home energy system that cools your home in the summer and heats your home in the winter. And a heat pump can be more efficient than other energy systems. Efficient because it

combines the most effective heating and cooling features in a single energy efficient unit designed to provide an even temperature no matter what the time of year.

Plus it's a simpler, smarter way to keep your house, condominium or apartment more comfortable. And that puts the Electric Heat Pump in a league by itself.

Cox, trumpet; James Channon, orchestra conductor; and Carman J. Massa, string bass.

Ashley-Rearick

Mr. and Mrs. James Edward Ashley of Diamondhead, Bay St. Louis, announce the engagement of their daughter, Debra Leigh Ashley, to Mr. Rick Mark Rearick, son of Mrs. Marion Rearick of Onaway, Mich. and the late Mr. William Ronald Rearick. A double ring ceremony is planned for October 18, 1966, at the North Shore Baptist

Church in Chicago.

The bride-elect is a 1961 graduate of Wheeling High School, Wheeling, Ill. In 1966 she was graduated from the University of Illinois at Chicago with a bachelor's degree in architecture. She presently resides in Chicago and is employed by Solomon Cordwell Buenz and

Associates Inc.

The prospective groom is a 1978 graduate of Alma High School, Alma, Mich. and a 1986 graduate of the University of Illinois in Chicago with a bachelor's degree in architecture. He resides in Chicago and is employed by Pappageorge Hynes, Ltd. in Chicago.

Shiyou-Leake

Mr. and Mrs. O. J. Shiyou of Pass Christian announce the approaching marriage of their daughter, Yolanda Eileen Shiyou, to Bryan Keith Leake, son of Mr. and Mrs. Jerry Leake, also of Pass Christian. The bride-elect is a graduate of

Hancock North Central High School and attended Pearl River Junior College. She is employed with Regina Corp.

Mr. Leake is a graduate of Hancock North Central High School and is employed with Diamondhead

Supermarket as produce manager. Sacred Heart Catholic Church will be the setting for the October 18 marriage at 2 p.m. with reception following at the Knights of Columbus Hall on Highway 603. Relatives and friends are invited to attend.

Bridge club lists winners

The Diamondhead Bridge Club announces the winners of the Handicap game held Oct. 6 as follows:
First: Fran Abell and Nancy Schubach
Second: Jean Keen and Pat Stafford
Third: Nita Beall and Betty Claggett

The Diamondhead Bridge Club is an open duplicate club and welcomes all newcomers. The game is held each Monday morning at 10:00 a.m. at the Diamondhead Community Center. For more information call 255-1456.

Toast To The Coast presented by Coast Episcopal Schools

The Gulf Coast Symphony Orchestra will perform Friday, Oct. 24 at the third annual "Toast to the Coast" sponsored by the PTO of Coast Episcopal Schools and endorsed by the Greater Gulf Coast Arts Council.

The event will be staged on the lawn of the home of the chairman, Mrs. Paul Westervelt Jr., 519 Scenic Drive in Pass Christian.

From 7 to 9 p.m. the 35 piece Gulf Coast Symphony Orchestra under the direction of James Shannon will play a musical mixture of the classics - Beethoven, Schubert, and Mendelssohn - with popular music of the Broadway stage including ragtime.

During the symphony intermissions, Bonnie Barish, concert pianist-composer, will perform original compositions and master works.

Barish studied for ten years in New York City, has recorded an album, and played aboard the ocean liner Queen Elizabeth II.

Currently, she is a Gulf Coast resident.

More than 1200 people attended "Toast to the Coast" last year. Interest and enthusiasm continues to grow," stated Mrs. Sam Morse, food chairman.

Thirty residents and caterers will be serving specialty dishes, including: Tribby's from Ocean Springs; The Biloxi Hilton, The Broadwater Beach, Mary Mahoney's, The White Pillars, Hook, Line, and Sinker, Cucco's and Rosetti's from Biloxi. Also, Au'Jac's, Cella Martin Catering, Popeye's Parties by William, The Golden Wok, Sonda's Summertime, Laurie's, and Vrazel's from Gulfport.

And, The Chimney's, Chappy's and Classy Caterers from Long Beach; The Blue Rose, Annie's, Pirates Cove, and Scenic St. Cafe from Pass Christian; The Landmark, Dante by the Bay and the Eatery, all from Bay St. Louis; Captain Kidd's and Waveland Seafood Center and Deli from Waveland; and W. W. Catering from New Orleans.

Again an important part of the evening will be showcasing the work of many local Gulf Coast artists. Art Co-Chairman Mrs. Thomas Shellnut and Mrs. Thomas Spinks have been contacting the artists. Artist Patrice Hassin designed the invitation and posters.

Decorations Chairman Mrs. Richard Mestayer, has been planning with the Coast Episcopal High School Art Instructor, Gary Dilegge who has gotten CEHS students participating in the project. Dilegge came to the Gulf Coast this year after successfully completing a New Orleans' World's Fair project in the Italian Village and working with the Children's Light Heart Theater.

Mrs. Fred May and Mrs. Alfred Levert, auction co-chairmen, with their committee have gathered together items for the live and silent auctions.

Larry McCool from Jackson is returning as auctioneer for a live auction.

Special evening and vacation packages auctioned will include a weekend at the New Orleans Hilton - Riverwalk with dining at Winston's and Kabby's; a cruise aboard the "Mississippi Queen" for two; a once in a life time experience of travelling among the stars via helicopter from the Gulf Coast to the sparkling Crescent City with a limousine ride from the Superdome Heliport to the Windsor Court for dinner.

Also, a four day weekend at the luxurious "Beach House Condominiums" in Destin, Fl.; a weekend for two in New Orleans with a "shopping spree" at the new Riverwalk; a catered dinner for 20

aboard the 74-foot yacht "Showdown."

Some items extraordinary are an oriental firescreen designed and painted by Betty R. Trefny of St. Petersburg, Fl.; a pair of ceramic lamps hand painted with calla lilies donated by artist Polly Boersig of New Orleans; a three story, ten room colonial mansion dollhouse; and a handmade rocking horse (62" long and 49" high) with a western saddle; a day's fishing trip for four on a 41-foot Hatteras; and a 14-foot hand crafted two man wooded pirogue.

The evening will end around the Westervelt pool with music for dancing with Jerry Fisher and The Music Company.

"Tickets at \$35 per person are an entertainment bargain" emphasizes Mrs. Andy Sawyer, ticket chairman. Tickets can be obtained by calling Sawyer at 564-2780. Formal dress is optional.

THIRD ANNUAL—James Shannon, conductor of the Gulf Coast Symphony Orchestra with Mrs. Paul Westervelt Jr. discuss the orchestra's upcoming performance at the third annual "Toast to the Coast."

Harrison County Salon No. 218, 8 & 40

By Dr. Esther Oeschmann
Publicity Chairman

The regular monthly meeting of the Harrison County Salon No. 218 of the 8 and 40 was conducted at American Legion Post Home No. 139 in Bay St. Louis on Friday, Oct. 3 at 7 p.m.

Mrs. Evelyn Burns, petite chapeau, opened the meeting according to the ritual with opening prayer given by the auctioneer, Dr. Esther Oeschmann, and the Pledge of Allegiance.

The partners represented are from Ocean Springs, Biloxi, Gulfport, Bay St. Louis and Waveland.

Ms. Burns appointed the following chairmen:
Children and youth - Mrs. Rose Ann Thomas; constitution and by-laws, Mrs. Carmela Boyd; nurses' scholarships, Miss Agnes Wilkerson; finance, Mrs. Lou Wilkerson; ritual and emblems, Mrs. Anna Gayout; partnership, Mrs. Genevieve Cole; fun and fellowship, Mrs. Beatrice Ladner; publicity and scrap book, Dr. Esther Oeschmann.

The chairman will plan special projects for the coming year.

Dr. Oeschmann reported sending six get-well cards to partners who are ill; also sympathy cards to the families of two deceased partners and to Mrs. Genevieve Cole whose sister from Vicksburg passed away recently.

Dr. Oeschmann delivered a memorial honoring two loyal and devoted partners, Mrs. Hattie Bermond and Mrs. Irene Hillie, both of Bay St. Louis who passed away recently.

Membership in the 8 and 40 is limited to women of the American Legion Auxiliary who have been members for three years and who have qualified for membership in the 8 and 40 by outstanding service to the American Legion Auxiliary, such service to consist of leadership as elective officers, chairmen of standing committees or serving on major activity committees.

The main purpose of 8 and 40 is to assist the prevention and control of tuberculosis and cystic fibrosis in children.

Our colors are red and white. The following best describes our membership:

"They are the 8 and 40, the finest in the land; to help America's children, they make their lives stand."

"They battle against fibrosis throughout the day and night; they are a group of angels whose garb is red and white."

"They're unselfish and they're noble, from work they will never flee, 'Cause they are selected members of the Legion Auxiliary."

"They treasure togetherness, they are all for one, they faithfully live their motto of "Service, Fellowship and Fun."

"When it comes to service, they will huff and puff and heave, to raise some needed money to help a child to breathe."

"It is "forward on" to duty and never are they slack. "They seek not gold or silver, nor a pat upon the back."

"Their fellowship is splendid, they will go to any length, to live the age-old legend "in union there is strength."

"And when they get together before they fun and play, they will say a word of prayer for those who have passed away."

"When there is time for reminiscing to mention deeds they've done, they'll have to get together to play and have some fun."

"But they'll not forget fibrosis with all its pain and strife. "They just create another project to save a child's life."

"The world will long remember these angels, tried and true. There is no booklet large enough to log the deeds they do."

"They have no equal in the world, they are a lovely sight, the girls of tender mercy whose dress is red and white."

Coast Garden Clubs Council

The Gulf Coast Council of Garden Clubs met at 1:30 p.m. Oct. 3 at the Garden Center in Pascagoula. Mrs. W.W. Dreher, president, officiated the business. Garden Clubs that have not turned in Pilgrimage information should send information to Mrs. F.B. Feeney, Whitestone Road, Biloxi, Miss. 38630.

After the business, Ms. Eleana Turner, Dept. of Natural Resources gave the program State Parks of Mississippi. Refreshments were served by the Pascagoula Garden Club after the program.

The next meeting of the Gulf Coast Council of Garden Clubs will be Nov. 7 at 1:30 hosted by Diamond Head Garden Club.

Crafty Homemakers Extension Club

The meeting of the Crafty Homemaker's Extension Club was held on Sept. 20 at the home of Mrs. Margie Schultz. The meeting was opened by the presi-

dent, Mrs. Minnie Geiger, followed by the Pledge of Allegiance.

Mrs. Schultz read the devotional "Relating to Others" - how to communicate with all ages.

Mrs. Roslyn Weathers read the minutes of the previous meeting and also read the treasurer's report.

There were eight members present. Five of them were going to the sub-district Homemaker's Council at Pearl River Junior College on Sept. 30.

The Extension Clubs annual picnic will be on Oct. 7 and the members were asked to bring a covered dish.

The topic for the day was "Low Fat - Control of Cholesterol - Sodium and Fats in your Diet." Mrs. Marguerite Fayard spoke to us on the dangers if we don't watch out for the signals that our bodies sends out and the results that can happen.

Each member was appraised of the part they were to do at the Hancock County Fair to be held Nov 4-9 at the Fairgrounds.

Mrs. Weathers reminded the members of the "sing-a-long" on Oct. 2 at the Hotel Reed Nursing and Retirement Home.

Some of the members gave Mrs. Beatrice Ladner the dolls they had dressed for the Salvation Army Christmas Gift Program.

Hancock General Hospital Auxiliary

Hancock General Hospital Auxiliary met Oct. 2 in the conference room of the hospital. Selma George, acting-president in the absence of Edna Kleinpeter, read a poem from Love is Caring by Wilton S. Holston. Secretary Ina Piazza read the minutes of the last meeting and reported the improvement of Mr. Kleinpeter.

The nominating committee headed by Mary Benjamin presented the new slate of officers which were unanimously approved by the auxiliary members. The slate is as follows: Ina Piazza president, Theresa Bourgeois vice president, Ursula Favre secretary, and Selma George treasurer. The appointments of the committee chairmen will be announced at a later date.

A membership coffee is being planned for the month of November with the members of the auxiliary asked to donate the refreshments. The date of the coffee will be arranged at the next meeting.

Coffee was served to the members and the meeting was adjourned at 11.

Diamondhead Little Theater rehearsing November event

The cast is complete and rehearsals are in progress for the November production of *Everybody Loves Opal*, a comedy written by John Patrick, and directed by Barbara Dickerson.

The performances are scheduled for Nov. 5, 6, and 7 at the Diamondhead Country Club.

The part of Opal Kronkie will be played by Mac Currid. Opal is a middle aged eccentric who lives in a ramshackle victorian house by the city dump. Opal is a collector of things, anything that can be carried home in her little red wagon.

Opal hasn't got an enemy in the world. Suddenly Gloria, Bradford and Solomon come into her life. They are three down on their luck con artists who are just one jump ahead of the law. They decide that Opal is the solution to all their financial woes. What she needs is plenty of insurance, a rapid demise, and three beneficiaries named Gloria, Bradford and Solomon.

The problem then is hatching the perfect scheme to do poor Opal in. The part of Gloria will be played by Elizabeth Hart.

Ricky Thorp will play Bradford and Benny Mistretta is the third con man, Solomon. Rounding out the cast is Guy King, as the doctor who gives Opal her insurance physical, and Shawn Acker as a police officer friend of Opal's.

The stage sets are designed by Ed Scanlan and will be constructed by Bob Pfingfelder.

Reservations are a must for the three performances, as seating is limited. Cocktails are from 5:15 to 6:30 p.m., with dinner being served from 6:30 to 7:45 p.m. Curtain time is at 8 p.m. Ticket prices include dinner and play. Call 255-1814, 255-2697 to order tickets.

Community problems subject of seminar

MISSISSIPPI STATE—Learning leadership skills to solve community problems was the subject of a conference attended by 10 Hancock County women.

"The purpose of the conference is to teach the participants to look at their communities, determine what the problems are and establish groups to solve the problems," said Deborah Harris, program specialist for Extension Homemakers Clubs in Mississippi.

Homemakers club members and professionals taught the group. The club members attended a national training session last November in Jacksonville, Fla.

Subjects covered include handling conflict, leadership styles and creating effective groups. Participants in the conference will be able to teach the topics to their Homemakers club members in their counties and eventually to individuals and groups not connected with Homemakers clubs.

Mrs. Harris said the Extension Homemakers Council will eventually provide leadership training on a continuing basis.

Those attending from Hancock County were Margie Welsh, Winona Weinmann, and Venita Kemp, Riverview Club; Minnie Gieger, Beatrice Ladner, Allie Cospelich

and Chrystal Schaefer, Craft Club; Alice Honzinski, Learning Ladies; Wanda Berthelot, Lakeshore Club.

A fall favorite

Tasty, nutritious apples rooted in U.S., world history

By Karen L. Moore.
Mississippi Cooperative Extension Service
MISSISSIPPI STATE—The arrival of fall signifies the arrival of apples—a traditional fall favorite. October is also National Apple Month.

Apples have been a popular fruit for a long time. Numerous references about apples appear throughout history, beginning with the first reference when Eve tempted Adam. Scholars agree that apples may have indeed originated in southwest Asia where the Bible places the Garden of Eden.

According to the International Apple Institute of McLean, Va., stone-age dwellers ate and preserved apples in Europe. Many Greek and Roman myths refer to apples as symbols of love and beauty. When the Romans conquered England about the first century B.C., they brought with them the art of apple cultivation.

William Tell became famous by shooting an apple off his son's head at the order of some invaders of Switzerland. Isaac Newton is said to have thought up the law of gravity sitting under an apple tree.

The first apple crop in the U.S. came from trees planted by Pilgrims in the Massachusetts Bay Colony. Our first and third presidents, George Washington and Thomas Jefferson, were two famous apple growers.

And Johnny Appleseed was a real person—Johnny Chapman—in the early 1800s. He roamed the frontier country of Ohio, Indiana and Illinois preaching the gospel and planting apple seeds.

The annual U.S. apple crop is about 200 million bushels coming from 35 states. Arkansas, Tennessee and Alabama are among those states. Nearly half the apple crop is grown to be processed into canned, frozen and dehydrated apple products.

"Apples are a nutritious food for snacking and for cooking in many ways," said Barbara P. McLaurin, a

food and nutrition specialist with the Mississippi Cooperative Extension Service. "Apples are high in potassium and fiber, low in sodium and have natural sugars that give instant energy without damaging teeth."

When cooking with apples, use very little, if any water. Add very little sugar. Too much spoils the natural flavor and makes apples mushy.

When making salads, dip apple slices in lemon juice to prevent them from turning brown. Golden Delicious and Cortland varieties naturally stay white longer.

The following are recipes provided by the International Apple Institute:

SAVORY STUFFED APPLES

1 pound bulk sausage
2 tablespoons minced onion
1 clove garlic, minced
4 large baking apples
¼ cup dark raisins
½ teaspoon cinnamon
¼ teaspoon cumin
In medium skillet, saute sausage, onion and garlic until sausage is evenly browned; set aside.

Cut a slice from apples about ½ inch from top. Keeping bottom intact, core apples. Scoop out pulp until about ¾-inch shell remains. Chop pulp.

Add ¼ cup pulp to sausage mixture. Stir in raisins, cinnamon and cumin; mix well. Spoon mixture into apples. Place in a greased 8x8-inch baking pan. Bake in a 350-degree Fahrenheit oven for 30 minutes or until apples are tender. Makes 4 servings.

SPICY MULLED APPLE JUICE OR CIDER

1 quart apple juice or cider
2 tablespoons dark brown sugar
¼ teaspoon pumpkin pie spice
Cinnamon sticks
Orange slices
Whole cloves
In medium saucepan, combine apple cider, brown sugar and pumpkin pie spice. Over medium heat, stir until sugar is dissolved; reduce heat to low and keep warm until ready to

serve.
Pour mulled cider or apple juice into mugs and garnish with cinnamon sticks and orange slices stuck with whole cloves. Makes 1 quart or 4-6 servings.

MEAT BALLS GENEVA

2 pounds lean beef, ground
3 cups soft bread crumbs
2 eggs
1-pound can applesauce
¼ cup minced onions
2 teaspoons salt
2/3 cup ketchup
½ cup water
Combine all but last 2 ingredients; mix lightly. Shape into balls about 2 inches in diameter. Brown on both sides in a little hot fat or salad oil; transfer to baking dish. Combine ketchup and water; pour over meatballs. Cover; bake at 350° F. for 1½ hours. Makes 6-8 servings.

APPLESAUCE TURNOVERS

2 packages pie-crust mix
1 pound can applesauce
¼ cup minced chutney
2 teaspoons lemon juice
½ cup finely chopped walnuts
Cinnamon-sugar mixture
Milk
Prepare pie-crust mix as directed on package; wrap in foil; chill. Combine remaining ingredients. Roll out pie crust (about ¼ at a time)

1/8-inch thick on lightly floured board or canvas. Cut with 4-inch round cookie cutter.

Place spoonful of applesauce mixture on each circle; fold over; press edges together with tines of fork. If desired, brush with milk; sprinkle with cinnamon-sugar. Bake at 425° F. for 25-30 minutes or until deep golden brown. Makes about 24.

CLARA'S BAKED APPLE PIE

2 cups flour
2/3 cup vegetable shortening
2 teaspoons baking powder
1½ teaspoons salt
6-8 Baldwin or cooking apples, peeled and sliced
2/3 cup to 1 cup sugar
¼ teaspoon nutmeg
¼ teaspoon cinnamon
¼ cup water
Prepared two-crust pie shell
Cream
Sift together flour, salt and baking powder. Remove 1/3 cup of dry ingredients and combine with water; add shortening. Stir into remaining ingredients.

Line prepared pie plate with half of apple slices. Sprinkle sugar and spices over apples. Add rest of apples. Wet edges of crust; place upper crust over apples and press two crusts together. Brush top crust with cream and bake at 400° F. for 1 hour.

Clubs, Auxiliaries

American Legion Auxiliary Unit 139

The American Legion Auxiliary Unit 139 and the Crafty Homemakers' Extension Club co-sponsors of the 'sing-a-long' at the Hotel Reed Nursing and Retirement Home had a successful visit with the residents on Oct. 2.

Mrs. Roslyn Wgathers led the singing and Mrs. Lena Mae Oustalet played the piano while Mrs. Oris Planchard, Mrs. Minnie Geiger, Mrs. Beatrice Ladner encouraged the residents to join in and participate in the singing.

Mrs. Geisendefer and Mrs. Mear were pleased and thanked the ladies for the 'sing-a-long' as the residents look forward to their visit. Refreshments were served.

Friendship Oak Chapter DAR

Capt. J. E. Koehr, commander of the Naval Oceanographic office, spoke on national defense and the ocean at the October 8 meeting of the National Society of the Daughters of the American Revolution, Friendship Oak Chapter, in the Parlor Room at Ramada Inn, Long Beach.

He spoke of the food and metal content of the ocean and remarked the hungry of the world could be fed for a few cents per day.

Guests were Jan Anderson, Fran Wilkens and Frances Wren.

Sarah Ruskin was approved as a new member.

Mary Marguerite Wilkens told of a planned trip to Natchez for Rosalie Day on October 30.

Sandy Jacob reported on a trip to Rosalie, where she served as hostess.

Hostess for the luncheon meeting was Elsie Hutto.

The next luncheon meeting will be Saturday Nov. 8 at the Long Beach Chamber of Commerce.

CELEBRATES FIRST— Charles Andrew Fricke, son of Mr. and Mrs. David Fricke of Pearlinton celebrated his first birthday August 28. He is the grandson of Mr. and Mrs. Richard F. Patterson of Bay St. Louis and Mr. and Mrs. Marvin C. Fricke of Pearlinton.

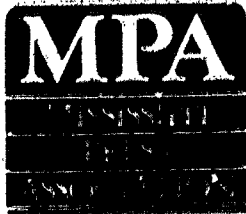

FIRST BIRTHDAY— Stephanie Leonard, daughter of Jimmy and Charlotte Leonard of New Orleans, recently celebrated her first birthday. She is the granddaughter of Fred and Barbara Zuvich of the Catahoula Community in Hancock County.

Story Hour titles listed

Story programs are presented Thursdays at 10:30 a.m. at City-County Library on US-90 and Fridays at 10:30 a.m. at Waveland Library on Coleman Avenue.

City-County's program this week includes "I'm in Charge!" by Joan Dresher, "My Mom Travels A Lot" by Caroline Feller Bauer, "The Family," a finger play; "Reach for the Ceiling," a physical activity; "Mother, Mother I Want Another," a flannel board story; and the filmstrip "Are You My Mother?"

Becky Mitchum Keefer presents the City-County program.

BY
KATY MC GUIRE CAIRE

"Whenever life gives you cause for celebration, throw a cocktail party - the important thing is sharing your joy with friends" - so begins one of the most delightful and useful cookbooks ever, in my opinion. And, I love cookbooks!

The book is "The Joy of Cocktails and Hors d'Oeuvre" by Bev Bennett and Kim Upton (Barron's, \$13.95) and quite a joyous collection of recipes and bright ideas it is! All winners.

These authors know very well "whereof they speak" - Bev Bennett, food editor par excellence for the Chicago Sun-Times, and Kim Upton, for the St. Louis Post-Dispatch - and they lay down the law on parties, cocktail or otherwise, a law by which I go also, that you must have as much fun as your guests at your party - why else would you give a party?

Cocktail parties, of course, with non-alcoholic drinks for those who wish, are the easiest and most fun of parties, to many people - and also, the answer when you have "more

people than you have chairs or dishes for," as the authors point out.

The secret of a successful cocktail party, the authors tell us, is a perfectly prepared drink for the left hand, an easily managed hors d'oeuvre for the right hand - and a relaxed atmosphere for conversation.

If you follow the maxims in this book, you'll have all three - and a good party!

With its 32 pages of mouth-watering color photographs and its excellent recipes and suggestions, this book is sure to be relished by any hostess or host who wants to ask two or four or forty or more friends over.

"Ease and elegance" is the keynote of the book, and I'm delighted to add it to my collection. There's even a recipe for baked garlic - which I have not tried yet - but I shall experiment soon!

The authors also collaborated on "Easy Appetizers" and on "Zesty Pizzas."
